

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 25, 1996

SUBJECT: **SB 2034 - HB 2162**

This bill, if enacted, will allow those individuals who have been employed as building inspectors for at least four years and who have reached at least 50 years of age to be certified as municipal and county fire prevention and building officials. Current law requires that such individuals must have been employed as building inspectors for at least seven years and have reached 60 years of age.

The fiscal impact from enactment of this bill is estimated to be an increase in state revenues to the extent that increased numbers of people submit applications to be certified along with the required application fee. The amount of such increase cannot be determined but is estimated not to be significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first name "James" being the most prominent.

James A. Davenport, Executive Director
